Welcome to beautiful Roanoke, Virginia!

Amidst the stunning beauty of the Blue Ridge Mountains, Roanoke offers natural character, exceptional amenities, and an unparalleled quality of life. The city combines an urban atmosphere with all the beauty and outdoor recreational venues of a mountainous environment — truly an unexpected balance.

Roanoke has earned the esteemed honor of being named a national All-America City on five occasions. Additionally, Partners for Livable Communities has chosen Roanoke as one of “America’s Most Livable Cities.” Roanoke has also received both state and national recognition due to its strong ethic of environmental stewardship including award-winning greenways, urban forestry, and possessing the third largest municipal park in the country, the Carvins Cove Natural Reserve.

Our goal is to make your transition to the City of Roanoke as smooth as possible. Our team of elected officials and administrators is dedicated to providing exceptional customer service, and this booklet is designed to help acquaint you with these services and facilities. If you have questions about recycling, if you want to know when your local public library is open, or if you want to take advantage of Roanoke’s beautiful parks and greenways, the details are contained in this guide.

Another wonderful tool to assist you is our Web site, roanokeva.gov. There, you will find links to all city departments and a host of other useful information. The pride that exists in Roanoke comes from its citizens, who care about their community and are eager to take part in its continued progress. Our mission is to make Roanoke the most exceptional place to live and work in the south. To meet that mission, we need your involvement, your suggestions, and your ideas.

Emergency Call Procedure

Remain calm. Speak as slowly and as clearly as possible.

Tell the emergency dispatcher:

- The kind of emergency it is and if a victim is involved.
- A brief description of their condition (i.e., obvious bleeding, appears to be unconscious, difficulty in breathing, burns, etc.).
- The telephone number of the phone you are using.
- The complete and correct address: street name, street address (house number).
- Your name.
- Name of complainant, victim or patient if not the same as the caller.

Follow any instructions given to you by the emergency dispatcher.

Please do not use 9-1-1 to...

- Request non-emergency police, fire or emergency medical services.
 - Discuss administrative business concerning police, fire or emergency medical services.
 - Arrange ambulance transportation to scheduled appointments or admissions to a medical facility.
 - For general information.
- In a non-emergency situation, call 853-2212 to reach the Police Department, or 853-2327 to reach Fire and Emergency Medical Services.

Reverse 9-1-1

The City of Roanoke has the capability to call your home in the event of an emergency in the area. If you do not have a “land line” phone for your home or business, but instead rely on a cell phone, you will need to register this number with the Department of Emergency Management at 853-2425.

Real Estate Valuation

P: 853-2771, F: 853-2796, E: realestate@roanokeva.gov

Each year in January, the Office of Real Estate Valuation mails notices of reassessment to owners of properties that showed a change in value from the prior assessment. For those properties that did not change in value, there is no notice sent. All properties are assessed at 100 percent of Market Value based on sales and other information within your neighborhood. After receiving the notice, the owner has until Feb. 15 to appeal the value. A telephone call, letter, or visit to the office is sufficient to lodge an appeal. The office will review the information used in assessing the property for errors or problems. The owner will then be notified of the appeal decision. If dissatisfied with the decision, the owner may file an appeal with the Board of Equalization. The board is a three-member citizen panel appointed by the Circuit Court to review assessment appeals. If the owner is not satisfied with the decision by the Board of Equalization, the owner may then file suit in the Circuit Court. In any of the three appeal stages, the assessment can be raised, reduced or sustained depending upon the market evidence.

This co-mingled recycling program enhances recycling efforts and allows all residents to have the ability to take care of the environment.
